DECLARATION OF RoHS and WEEE COMPLIANCE

RoHS Compliance Statement

No part(s)/product(s) of GENEREX SYSTEMS Computervertriebsgesellschaft mbH contain any of the below substances above maximum concentration values identified in Annex II of the RoHS Directive (2011/65/EU) and it's amendment (EU) 2015/863, unless using an exemption as those listed in Annex III and IV, which can be viewed here: https://ec.europa.eu/environment/waste/rohs_eee/adaptation_en.htm

Quantity limit: 0.1% of weight (1000 ppm) of any homogeneous material:

1. Lead (Pb)
2. Mercury (Hg)
3. Hexavalent Chromium (Cr VI)
4. Polybrominated Biphenyls (PBB)
5. Polybrominated Diphenyl Ethers (PBDE)
6. Bis (2-Ehtylhexyl) phthalate (DEHP): max 0.1%
7. Benzyl butyl phthalate (DBP): max 0.1%
8. Diisobutyl phthalate (DIBP): max 0.1%

Quantity limit: of 0.01% of weight (100 ppm) of any homogeneous material:

1. Cadmium (Cd)

For our products where the amount of a substance exceeds the allowable limit and a RoHS exemption is applicable, the appropriate exemption is listed in the RoHS Compliant Parts List below.

Compliant RoHS Parts List:

Product Name	Exemption Number
Bacskit_B4	BattG
Bacskit_BSC4	BattG
Bacskit_BSC	BattG
Bus_Conv_V	BattG
Sitemanager	BattG
Sitemonitor	BattG

The above mentioned products contains the following ingredients within a single, removable component.

Ingredients

Contents	CAS No.	Hazard Symbols	R Phrases	Material
1 - 3 %	7439-93-2	F, C	14/15 - 34	Lithium
13 - 40 %	1313-13-9	Xn	20/22	Manganese dioxide
3 - 9 %		F, T	60 - 61 - 11 - 19 - 20 - 36	Organic electrolyte, consisting of lithium perchlorate, organic carbonates and ethers

Full text of Classification and R-phrases: see section 16.

Heavy Metals

Contents	CAS No.	Material
< 1 mg/kg	7440-43-9	Cadmium
< 10 mg/kg	7439-92-1	Lead
< 0,1 mg/kg	7439-97-6	Mercury (none intentionally introduced, see Chapter 12)

This RoHS-Directive covers the same scope as the WEEE Directive 2012/19/EU, which regulates the handling of electrical and electronic equipment waste. Batteries and accumulators do not fall under any of these directive's named categories. **This means that the RoHS Directive does not apply to batteries and accumulators.** The Battery Act (BattG) is applicable to these products. The Battery Act sets out the legality on the placing on the market, return and environmentally compatible disposal of batteries and accumulators. (BattG, 2009, amended in 2015).

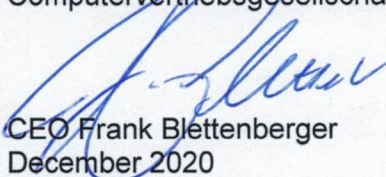

The Parliament and the Council of the European Union introduced new directives on 13th August 2012 relating to old electrical and electronic equipment (WEEE) and a new directives on 3rd January 2013 and 22nd July 2019.

GENEREX is pursuing the goal of achieving compliance with both directives. We manufacture 99% of our products ourselves, so we have already taken care that all our suppliers and their components meet the ROHS/WEEE standards.

WEEE: Registration number at EAR is: DE 7733 7052

The devices sold by GENEREX are not suited for the disposal via the consumer waste. A disposal like that could lead to environmental contamination. GENEREX is registered at the donation for electrical old appliances under WEEE number DE77337052 and will take back all achieved devices after the 23.03.2006 for disposal, if the customer is a European Union resident or rather the goods were sold into the EU. All devices can be sent back to GENEREX, after consulting (call +49-40-226929110, mail support@generex.de), at the expense of the customer (Incoterms 2010 „DDP“) for proper disposal and recycling.
