REACH DECLARATION

Declaration according to the Commission Regulation (EU) 2024/2462 of September 2024 amending Annex XVII to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

Thank you for your interest regarding the conformity of our products to the regulation (EU) 2024/2462 amending (EC) 1907/2006 as per the candidate list shown on <https://echa.europa.eu/candidate-list-table>. As a manufacturer, we declare the following:

Our company is a manufacturer of electronic products. According to REACH, we are only concerned as a so-called "downstream-user". We exclusively manufacture non-chemical products and use market conforming components for production. In addition, under normal usage and reasonably foreseeable conditions, there shouldn't be a release of otherwise nonconforming substances.

Only the following product contains the mentioned ingredients:

Independently and of our own impetus we seek active accordance to the guidelines listed, and we seek to ensure a high level of product safety for our customers and the responsible implementation of REACH on the part of our suppliers. We are in close communication with our suppliers of chemical substances with regards to the preparation (for example, raw materials and supplies for the manufacture (RHB), treatment and processing of the products or application in otherwise operational processes. We will embed the pre-registration of the products respectively

and later registration of the relevant substances in accordance to REACH in our supplier qualification.

If necessary, we will inform our customers about relevant changes in our products induced by REACH and the deliverability as well as the quality of our products or parts thereof, which are delivered to our customer on the basis of the business relationship. If deemed necessary, we will coordinate appropriate measures with our customers.
